I'll work on getting the notes ready for you today - do you want me to fax them to you or send them via regular mail? Also, I have no problem being on call if, but I just want to make sure you know that I work in the Amherst Drug Lab and not the one based in Jamaica Plain, so it will take me a little longer to get out there if/when you need me. Thanks.

Hi Sonja,

I have one matter scheduled for trial. We received the drug certs, however we still need the notes on the case:

[REDACTED] scheduled 8/12/10 for trial

Also could I place you on call for this date if you are available, but I anticipate that this case will not actually go to trial b/c it is also scheduled for motions which will likely take up most of the day.

Thank you,
